## EDUCATION

### Banasthali Vidyapeeth

Master's in Computer Applications (Grade : 9.26 CGPA)

### University Of Lucknow

Bachelor's in Computer Applications (Grade : 8.6 CGPA)

Rajasthan, INDIA

July 2023 - July 2025

U.P, INDIA

Nov 2020 - July 2023

## WORK EXPERIENCE

### CodeAlpha | Web Development Intern

Sept 2023 – October 2023

- Engineered responsive web solutions for e-commerce platform, optimizing user experiences on 7 devices; boosted mobile conversion rate by **45%** and increased average order value by **30%**
- Integrated **2** third-party APIs (e.g., weather API, payment gateway), expanding application features and user services.
- Designed and optimized MongoDB database schemas, reducing query response time by **30%** through efficient indexing and query optimization..

## PROJECTS

### UNIGRAM - Social Networking Website | [Reactjs](#), [Nextjs](#), [Clerk](#), [tailwind](#), [mongoDB](#), [Node](#) [Try it!](#) [GitHub](#)

- Developed a full-stack web application using React.js and Next.js, implementing features such as user authentication, file uploads, and CRUD operations.
- Implemented modern web development tools like Tailwind CSS and TypeScript for efficient code management and enhanced user experience.

### AI Image Generator App | [Javascript](#), [React](#), [mongoDB](#), [Node](#), [Express](#) [GitHub](#)

- Integrated a DALL-E inspired AI model, harnessing its prowess to transform textual data into visually striking representations, amplifying engagement by up to **40%** and providing a compelling means to present professional information.
- Enabled users to download their generated resume images as PNG or JPG files, or directly share them on popular social media platforms.
- Utilized MongoDB as the database solution to efficiently manage and store user data and generated images, ensuring data integrity, security, and scalability to accommodate growing user demands and usage patterns.

## TECHNICAL SKILLS

**Programming Languages:** JAVA, Javascript, Python

**Technologies/Frameworks:** Nextjs, MongoDB, React, Express, Node, Linux, Tailwind css

**Developer Tools:** VS Code, Netbeans, Git, GitHub, Visual Studio

**Soft Skills:** Leadership , Communication, Team Collaboration, Adaptability

## EXTRACURRICULAR AND CERTIFICATION

### Datacom Software Development Job Simulation | [Forage](#) [Link](#)

- Completed a simulation focussed on how the software development team at Datacom approaches their work
- Reviewed a web application and planned for future improvements
- Identified the root cause of bugs and implemented a fix to improve the application

## ACHIEVEMENTS

- Solved Total of **800+** question on **GeekforGeeks** and **Leetcode**.
- Secured a campus rank of **45** out of **2700+** participants on **GeekforGeeks**.
- Attained a LeetCode rating surpassing **1400**, showcasing proficiency in algorithmic skills and expertise.
- Attained a **CodeChef** rating of **1100+**, showcasing competence in programming and reflecting adeptness in coding challenges.
